

Course Requests Instructions

You may log into your Student Portal through <https://powerschool.whps.org/public/>, parent sign in page, **January 30rd through February 12th**. If you have not yet logged on, visit the WHPS Parent Portal information Website at <http://www.whps.org/parentportal>.

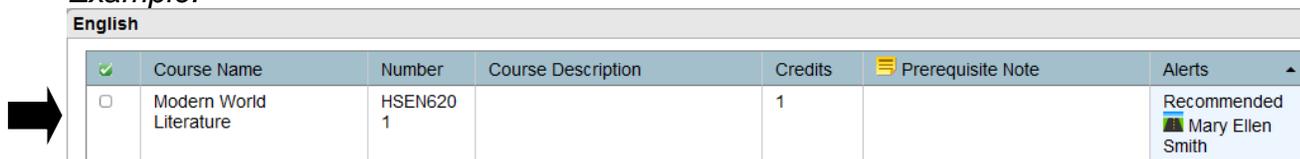

1. Click on the  **Class Registration** icon to the left on the navigation bar.
Note: Always remember to read all instructions on the screen.
2. This screen lists the courses, by group, for your grade level. Choices are made by clicking the **pencil icon** to the right of each group. There is a message on the bottom of the screen that indicates how many credit hours you need to request. A **road icon** appears if a teacher has recommended you for a specific course. A **note icon** appears if the course contains a prerequisite. Some selections will be made for you (ex: lunch).

Example:

3. After selecting a course group, the screen displays a list of courses. Click the box in front of the course name you plan to take. On the bottom of the screen there will be a message indicating how many courses you can select (or in the case of required courses the number you must select). When you have completed your selection, click the **okay** button and it will return you to the class registration screen. You will then see a **green checkmark** after the pencil icon indicating completion of your selection.

Example:

A screenshot of the course selection interface. A table lists courses under the "English" group. The first row shows "Modern World Literature" with a selection checkbox, course number "HSEN620 1", and 1 credit. A green checkmark is in the selection column, and a red exclamation mark is in the alerts column. A large black arrow points left from the left side of the page towards this screenshot.

	Course Name	Number	Course Description	Credits	Prerequisite Note	Alerts
<input checked="" type="checkbox"/>	Modern World Literature	HSEN620 1		1		Recommended Mary Ellen Smith

4. Click on the **pencil icon** to the right of one of the other course groups and repeat step 3. Continue the process until all of the **red exclamation marks** have become **green checkmarks**.
5. Once you have made all of your selections, click the **submit** button on the class registration screen. You can view your selections once you have clicked submit, by clicking on **view course requests** at the top of the page.
6. Click on the **sign out button** to log out of the Student Portal. You will be able to make changes to your selections until the registration closes on **February 12th**.
